310 CMR 7.00 Appendix C(5)

(j) Insignificant Activities. Notwithstanding 310 CMR 7.00: *Appendix C*(5)(h) any emission unit(s) that is part of the following activities is exempt from the requirements of 310 CMR 7.00: *Appendix C*, except that emissions from these activities shall be included in determining the facility federal potential to emit under 310 CMR 7.00: *Appendix C*(2):

1. Open burning conducted in accordance with the requirements of 310 CMR 7.07(2), 7.07(3)(a) and 7.07(3)(e);
2. Office activities and the equipment and implements used therein, such as typewriters, printers, and pens;
3. Interior maintenance activities and the equipment and supplies used therein, such as janitorial cleaning products and air fresheners; this does not include any cleaning of production equipment or activities regulated by 310 CMR 7.18;
4. Bathroom and locker room ventilation and maintenance;
5. Copying and duplication activities for internal use and for support of office activities at the facility;
6. The activities not regulated by 310 CMR 7.18 in maintenance shops, such as welding, gluing, soldering;
7. First aid or emergency medical care provided at the facility,

including related activities such as sterilization and medicine preparation;

8. Laundry operations that service uniforms or other clothing used at the facility that are not regulated by 310 CMR 7.18;

9. Architectural maintenance activities conducted to take care of the buildings and structures at the facility, including repainting, reroofing, and sandblasting;

10. Exterior maintenance activities conducted to take care of the grounds of the facility, including parking lots and lawn maintenance;

11. Food preparation to service facility cafeterias and dining rooms;

12. The use of portable space heaters which reasonably can be carried and relocated by an employee;

13. Liquid petroleum gas (LPG) or petroleum fuels used to power the facility's mobile equipment and not otherwise regulated by the Department;

14. Emergency vents not subject to the accidental release regulations.

15. Non-process related surface coating and painting ~~processes~~ which exclusively use non-refillable aerosol cans;

16. vacuum cleaning systems used exclusively for commercial or residential house-keeping;

17. ventilating systems used exclusively for heating and cooling buildings, for the comfort of people living or working within the building serviced by said system, which EPA has determined need not be contained in an operating permit;

18. ventilating and exhaust systems for laboratory hoods used:

a. by academic institutions for academic purposes.

b. by hospitals and medical care facilities used for medical care purposes and medical research only.

c. by laboratories, ~~which~~that perform laboratory scale activities as defined by OSHA, excluding commercial laboratories that provide laboratory services for third parties.

d. by facilities for quality assurance and quality control testing and sampling activities.

19. surface coating and printing processes used exclusively for educational purposes in educational institution excluding those emission units regulated by 310 CMR 7.18; and

20. kilns or ventilating hoods for art or ceramic curricula at colleges, primary or secondary schools.
